

August 12, 2022

Subject: As to the latest Amendment Regulation of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) List of SVHC dated June 10, 2022 and Annex XVII to REACH dated July 4, 2022.

Re: Polyethylene, Polypropylene, ABS

Dear Customer,

Regarding the following King Plastic Corporation's products and the REACH reporting requirements.

Polyethylene – King StarBoard® Family, King DuraStyle®, King MediGrade®, King ColorBoard®, King ColorCore®, King CuttingBoard®, King FlameShield, King MicroShield®, King Plasti-Bal®, King Plasti-Shield®, King HyPact®, King KPC HDPE, and King KPC LDPE, King PipeGrade®

This product does not contain any substances on the Candidate List of Substances of Very High Concern (SVHC) nor in the annex of substances restricted by REACH.

Polypropylene – King KPC Polypropylene

This product does not contain any substances on the Candidate List of Substances of Very High Concern (SVHC) nor in the annex of substances restricted by REACH.

ABS – King KPC ABS

This product does not contain any substances on the Candidate List of Substances of Very High Concern (SVHC) nor in the annex of substances restricted by REACH.

The information provided in this letter is derived from industry standards and practices, and manufacturer's data and is, to the best of my belief and knowledge, accurate as of the date written.

Bill Birkholz
QA Supervisor
